- Rock - Tenn
- Roy O Martin
- Tronox

The AGR was originally owned by StatesRail and started operations in 1997 from Pensacola, FL to Kimbrough, AL. This piece of track was purchased from the BNSF. Then in 1998, the AGR extended its line past Kimbrough to Columbus, MS and added another piece of track from Mobile, AL to Axis, AL by purchasing more track from the BNSF. In 2001, StatesRail was acquired by Rail America and then in July of 2012, Genesee & Wyoming Inc. acquired Rail America, which is the AGR's current owner. AGR transports over 61,000 carloads per year, with major commodities being: coal, iron and steel, chemicals, scrap iron, pulp and paper and limestone.
