The FWWR (Fort Worth & Western Railroad) operates under its parent company, Tarantula Corporation, along with the Fort Worth & Dallas Railroad and Fort Worth & Dallas Belt Railroads. In 1988, the FWWR started operation on 6.25 miles of track on the west side of Fort Worth, which was purchased from the BNSF. Now, the FWWR has grown and operates on over 276 miles of track through 8 counties in North Central Texas.
