In 1992, the Arkansas Midland Railroad was established as part of the Pinsly Railroad Company. The AKMD operates over 125 miles of track on 7 separate branches in Arkansas. It has a special relationship with the Railroad Distribution Services of Arkansas which makes it possible to provide warehousing and transload options. The AKMD has also been recognized in the past for Innovative Market Development, Innovative Service & Outstanding Marketing, Shortline Railroad of the Year and the Excellence in Marketing Award.
